

Baseball Stat Machine

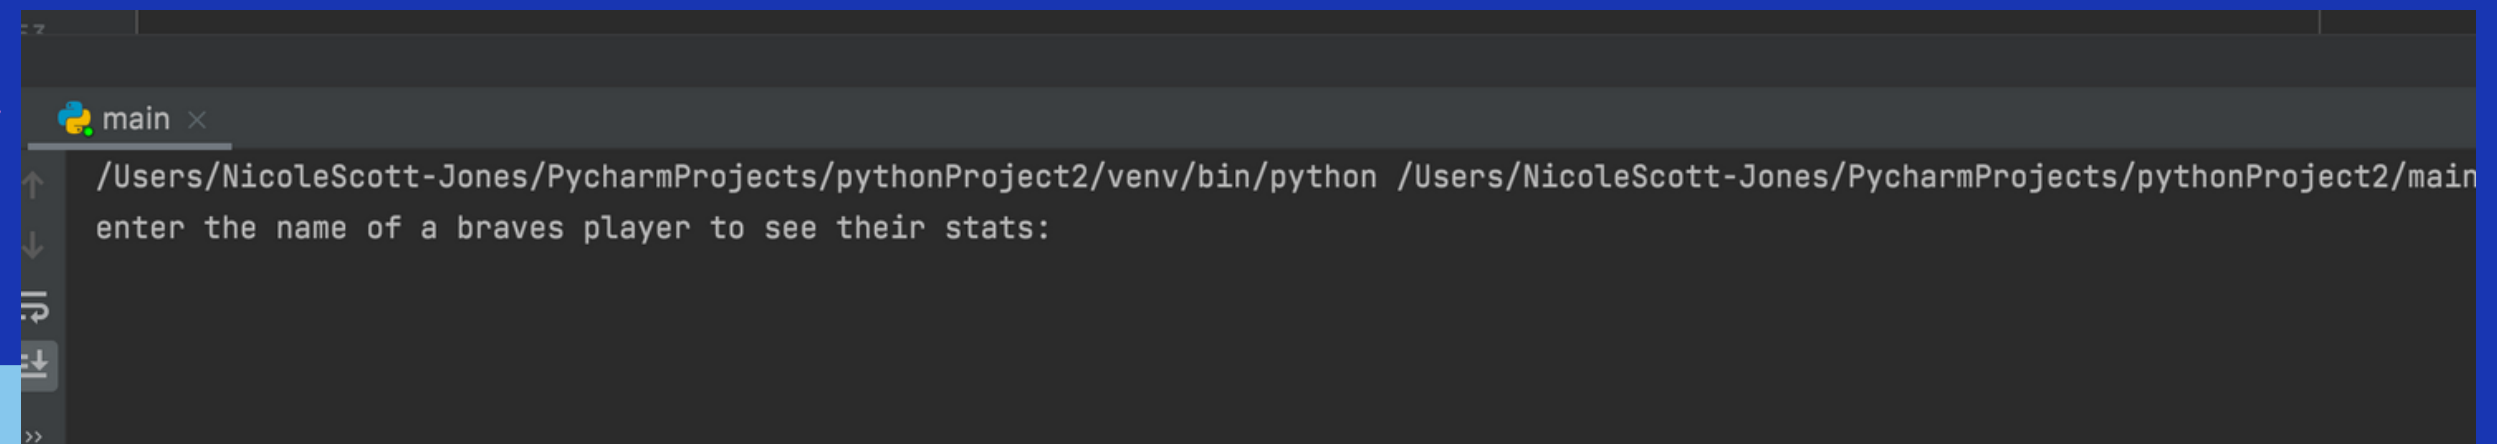

Nicole Scott-Jones

Learn about your favorite Braves players

Enter the name of any Braves player in the input box.

Pull pitching or batting stats on any Braves player

The program pulls pitching stats or batting stats based on the position of the player and displays them to the user.

A screenshot of a terminal window with a dark background. The title bar shows 'main' with a close button. The command prompt shows the full path to the Python interpreter. The program has executed and is waiting for user input.

```
main x
/Users/NicoleScott-Jones/PycharmProjects/pythonProject2/venv/bin/python /Users/NicoleScott-Jones/PycharmProjects/pythonProject2/main
enter the name of a braves player to see their stats:
